# Who is who?

- Each team will investigate:
  - An architect
  - A painter
  - A writer
- A European value will also be assigned to each team.

# Let's create an Instagram profile

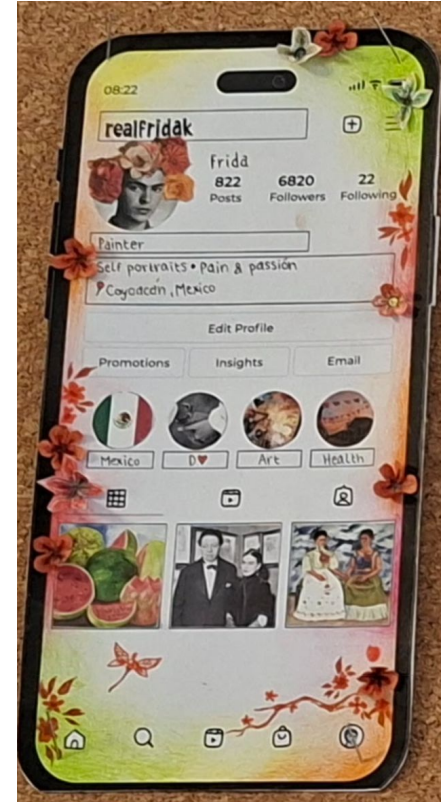

You have to create an Instagram profile for your [architect, writer and painter](#).

Make sure that you understand their style and what they want to express.

Don't forget to disseminate the [European value](#) that has been assigned to your team.

# Let's play!

We have received **100 billion euros in funding from the EU** to build a bridge that connects Europe to Africa through the **Strait of Gibraltar** (15 km) or to build a bridge that connects continental Europe to British islands through the **Strait of Dover** (33 km).

# A new bridge

- Can your team design a bridge that respects the style of the architect, painter and writer assigned to your team?
- Can you disseminate the European value assigned to your team in this bridge?

**MAKE YOUR PROPOSAL!!! IT CAN BE IN 2D OR 3D.**

# Eiffel, Picasso, Oscar Wilde and Equality

Created by perplexity.ai

# Basquiat and Eiffel

# Eiffel and Casas

# The dissemination videos

- You have to present your project to the jury (families).
- Create a video to promote your project. Be assertive!

**Exemple:** *Between Europe and Africa, the Strait of Gibraltar is more than a channel of water—it is a threshold of cultures. We propose a bridge that does not divide, but unites. Inspired by the bold structure of Eiffel, the fragmented visions of Picasso, and the sharp humanity of Oscar Wilde, this bridge becomes a manifesto of equality. Light, transparent, and open—it invites people to walk side by side, not follow one leader. It is not only an architectural object, but a public statement: that every person, every story, every coastline is entitled to be seen. This bridge does not erase difference. It celebrates it. And in that celebration, it builds a more equal future.”*

Let's vote for the best project.
